

COVID-19 Guidelines & Expectations

At County Line Raceway, we are committed to providing a safe and healthy environment for everyone. During the COVID-19 (Coronavirus) crisis, we have developed and implemented procedures and protocols to minimize COVID-19 exposures which include;

- Cleaning protocols, with hand sanitizer available at high touch locations
- Infectious Disease Screening Program (including temperature checks and screening questions), and
- Detailed social distancing protocols including a mandatory requirement of facial coverings where social distancing isn't maintained.

As a participant at County Line Raceway, it is our expectation that you follow COVID-19 procedures and protocols to assist in minimizing the spread of the virus at all times. It is imperative that everyone understand the need to stay at home if they are feeling ill or exhibiting any COVID-19 symptoms.

Prior to entering the pit gate, a screener will ask you to allow your temperature to be checked. If an individual refuses, they will not be permitted to access the track. Upon acceptance of the temperature check, your temperature will be taken with a non-contact thermometer and, upon successful completion, you must answer the following two health screening questions:

1. Has anyone listed below experienced any symptoms of COVID-19, in the last 14 days?
2. Has anyone listed below had close contact with an individual who is positive for COVID-19, within the last 14 days? CDC defines "close contact" as being within 6 feet of a confirmed COVID-19 case for a prolonged period of time (typically a few minutes or more).

By signing below, you are acknowledging that you have read and understand County Line Raceway's Expectations relating to COVID-19 and are committed to following safety and health protocols to prevent the spread of the infectious disease.
